

Table 1-1 identifies federally recognized Bristol Bay tribal governments and other organizations who have submitted requests to EPA regarding large-scale mining in the Bristol Bay watershed. The first section of the table lists those entities who have requested restriction of large-scale mining under EPA's Clean Water Act (CWA) authorities. The second half of the table identifies those entities who have requested deferment of any decision until a formal mine application has been received. (Please note that since initiating this assessment in February 2011, EPA has continued to receive correspondence from organizations, members of the public and elected officials from Alaska and other states regarding the Bristol Bay fishery, large-scale mining in the Bristol Bay watershed and EPA's assessment effort. All related correspondence is publicly available at: [ftp://ftp.epa.gov/reg10ftp/bristol\\_bay\\_FOIA\\_reading\\_room](ftp://ftp.epa.gov/reg10ftp/bristol_bay_FOIA_reading_room) )

ORGANIZATION	DESCRIPTION
